We partner with best in Class Hotels, Palaces, Bakeries, Resorts and Restaurants who offer Hospitality Internships to gain practical experience throughout France

We have a strong focus on Internship in Hospitality/Hotel Management, Gastronomy, Culinary Arts and Catering Technology sector and are successfully placing interns throughout the French Province

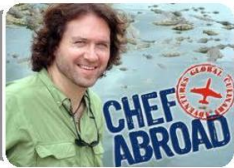

Why an International Internship

Internship abroad broadens the student's horizon, improves their intercultural and interpersonal communication skills, thus contributing in developing their personality as a whole.

Chance to apply classroom learning to real world working environments while showcasing how one can adapt and work in a foreign environment.

Working abroad demonstrates a number of skills such as tenacity, flexibility, responsible risk taking, decision-making, and resourcefulness. This is one of the reasons why many employers are interested in hiring people who have worked abroad.

Provides an excellent platform for global professional networking. This significantly enhances the chances of employment opportunities abroad. Travel is usually a secondary motive, but quite a nice bonus to see a new city and the nearby countryside. An opportunity to visit new countries, and learn from their people and culture. Switzerland, Luxembourg, Belgium, Netherlands, Spain, Germany Austria, Italy are just 3-4 hours drive away

Why Internship in France

Few Facts About France –

Largest European country by land area and 2nd largest by population. 2nd largest economy in Europe and 5th largest in the world. It is the most visited country in the world and receives around 82 million tourists a year.

France is the Mecca for Hospitality - The origin of word hospitality is from an old French word – HOSPICE -which means to provide care /shelter to travellers

Many culinary terms are derived from French language, So whether you are in the kitchen or not you would definitely want to learn how to julienne, blanche, sauté, purée your veggies in the cuisine and order a la carte.

French Cuisine is delicate fine dining cuisine and not well tapped in India - Would you like to cook with the foie gras , Learn how to make an authentic Coq au Vin , Macaroons, or do you like to end a meal with crème brûlée?

Internship in France enables the Hospitality Management Student's to have a good learning experience and give them a new perspective on cooking and presentation of food.
